To whom it may concern:

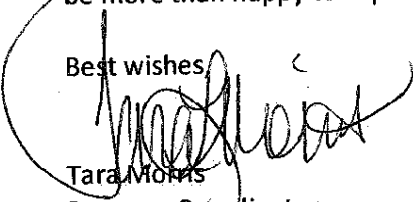

I have had the pleasure of working with Sharon Tolson and Dynamic Services, LLC on several different occasions, over the past year, in a joint venture to provide First Aid/CPR/AED services to various clients. Ms. Tolson and her staff consistently display a superior level of professionalism, customer service, and expertise and it is always a pleasure to work with them.

I am writing this letter because I highly recommend Dynamic Services, LLC to conduct your training sessions. The word "dynamic" is a perfect description for the level of service you will experience with her company. Ms. Tolson is a true leader and an engaging instructor; and she demands nothing less from her staff.

I thoroughly enjoyed my time working with Ms. Tolson and Dynamic Services, LLC and came to know them as a truly valuable asset to absolutely any team. They are honest, dependable and incredibly hard-working. Without any doubt I recommend Dynamic Services, LLC to become a part of your team.

Feel free to contact me should you wish to discuss Ms. Tolson's qualifications and experience further. I'd be more than happy to expand my recommendation.

Best wishes,

Tara Morris
Program Coordinator
